David Boyd

Let me briefly introduce myself. I received my formal art education at the College for Creative Studies in Detroit. I have been making art, graphic design and storyboards for T.V. and feature films for over twenty years. I am a talented, experienced, dependable, team player. I work traditionally and digitally. I know how to meet a deadline. I am expert in Adobe Creative Suite, Microsoft Office Suite and Cinema 4D.

I understand the business of creativity and nobody works harder to put the best creative product on the screen. I love what I do. Once more with feeling: **I love what I do!** And I would love the opportunity to talk with you and discuss how my skill set can contribute to the success of your project - on site or remotely.
